PERSONAL PROJECTS

FYP (08/2020 - 01/2021)

- The FYP Management System is a project that aims to keep track of students who are in their final year of study.
- The system allows students to submit various materials related to their final year project, including proposals, reports, and prototypes. It also allows teachers to update students on ideas, announcements, marks, and meeting schedules.
- Additionally, the system enables students to view their meeting attendance, marks, and reviews from their supervisor and co-supervisor. The goal of the project is to help manage and organize the final year project process for both students and teachers.
